PRACTICAL SOLUTIONS FOR R&D AND MANUFACTURING

## Capability Statement

**Metal Professionals** is a full service machine shop and silicone mock anatomy solutions facility. We specialize in silicone mock anatomy, mock arteries, silicone vessels and silicone mock valves, as well as custom built measuring equipment and machined parts. We manufacture custom gauges, presses, ultra-sonic welders, gantry tables, vertical scales, and laser positioning tables; just to name a few, as well as flow tanks for testing and deployment of devices. We offer custom fabrication of parts for items that are no longer available as well as offering production machining by the 1000's. Offering design/engineering and we build automation, helps our customers to know they are receiving the items they are looking for prior to the manufacturing process. You, our customer, are our number one priority! With quality custom manufactured items, great customer service, as well as quick turnaround times; we are here to make sure you receive the items you need.
