

Capability Statement

www.mctarange.com

M.C.T.A. was founded in 2013 by its director, Michael Honkala, to be the shooter's choice for training and plinking. Through years of hard work and fighting with insurance companies and red tape, the MCTA facility was born. Located in the Stennis Space Center buffer zone in southern Mississippi, Mike built a 300-, 200- and 100-yard rifle ranges, four 25 yard pistol ranges and one 50 yard training range on 14 acres of privately owned land. This facility coupled with 153 years of combined experience from our staff makes M.C.T.A. the premier shooting facility in the local area. M.C.T.A. is SHOOTING EVOLVED!

CAGE: 8Q504 | DUNS: 043136334 | Phone: (228) 365-0022
