Differentiators

- ✓ Since inception we have developed processes to assist businesses nationwide with getting registered to do business with the government. Whether that be DUNS, CCR, SAM, DSBS, GSA or Certifications, we have the ability to quickly and accurately register and certify businesses wishing to engage in government contracting.
- ✓ Thousands of companies registered by FedBiz Access consistently perform higher in critical categories such as: accuracy of information, completeness, visibility, and competitiveness.
- ✓ Research and Marketing provided by FedBiz Access over the past 10 years have assisted client companies in winning billions of dollars in government contracts.
- ✓ Our Market Research reports are best in class and are essential to companies understanding who is buying what they sell, when they are buying, how they are buying, and who they are buying it from currently. Our customers are then able to market themselves armed with a clear path and strategy.
