

Global Sustainment Systems

CAPABILITY STATEMENT

www.globalsustsys.com

Global Sustainment Systems is a *veteran owned small business* dedicated to providing professional services to the Department of Defense and Foreign Military Sales (FMS) customers. The company provides a variety of logistics support services, technical support, consulting, engineering, sustainment, program management, and acquisition support. The company has extensive experience in supporting US Air Force (USAF) and Foreign Military Sales (FMS) weapon systems. This experience includes the capability of working closely with Defense Logistics Agency (DLA) and the Air Force Security Assistance Center (AFSAC) for FMS spares support. The company's capabilities meet and exceeds the requirements of the Department of Defense, USAF, and FMS. As a systems management company, the company has the professional requirements needed to provide the support required by the Department of Defense, US Air Force, and Foreign Military Sales customers.
