

# Capability Statement

www.millertrans.com

Miller Transport specializes in moving heavy-haul loads and high-end, specialized freight, and prides itself in successfully moving loads that most companies might deem 'impossible.' We are an assets-based company based in Christiansburg, VA - additional offices located in Floyd, VA and Greenville, SC, and Hempstead, NC - with specialized equipment to meet every shipper's needs. Miller Transport is HAZMAT certified, and consists of mostly owner operators with hundreds of years' experience, collectively. The high expectations that have to be met by the drivers only ensures that we have the best of the best on the roads, hauling freight in a time-sensitive, cost-effective, and most importantly, SAFE manner, as safety is our number one priority. Miller Transport has a dedicated staff as well as a new logistics division, so if we can't provide our own trucks to haul your freight, we will find one that can!
