

DREAM BRIGHT

SBA WOSB
Woman Owned Small Business

Capability Statement

www.dream-bright.com

Dream Bright, LLC loves the earth as much as those who live in it. 10 billion trees are lost a year to make things like paper, towels, toilet paper and etc. When the trees are cut down we lose oxygen purification systems that can not be replaced.

We provide a product that everyone needs without destroying the nature and the air we breathe. Our packaging is biodegradable without plastic or other harmful materials. There just are some things we cannot live without, but there is always a better way to have them! Bamboo Evolution aims to recreate everyday household items into more eco friendly products from inception to the design, packaging, production and disposal.

CAGE: 87N13 | **DUNS:** 116538099 | **Phone:** (817) 987-3984
