

**“Data is Knowledge. Knowledge is Transformational.”**

**Company Overview:** The Chronicles Group is an Economically Disadvantaged Woman Owned Small Business (EDWOSB) specializing in **Data Analytics for Electronic Healthcare Records and Clinical Informatics**. Using your data, our analysis helps to **track the health of populations, identify people at risk for chronic diseases, personalize treatments, improve communication, and enhance patient outcomes and efficiencies**. Our special competencies in the following electronic healthcare areas include:

- Medical Management
- Population Health
- Physician Dashboard Development
- Accountable Care Organization (ACO) Development
- HealthCare Data Management

Our clinical analytics improve patient safety and quality.

**Experience:** Ms. Bettina Cotton-Gibson, Registered Nurse (RN) and President/CEO founded The Chronicles Group in 2019. Ms. Cotton-Gibson brings over 25 years of extensive experience in the healthcare, government, and clinical information technology consulting fields.

**Why We Are Different:** The Chronicles Group brings a wealth of knowledge and extensive experience in the following areas:

- Veterans Affairs Information Technology Systems (knowledgeable of ALL Healthcare Information Systems with Veterans Affairs (VA))
- Virtual Lifetime Electronic Health Records
- Virtual Lifetime Electronic Records (VLER) / Veterans Health Information Exchange (VHIE) Systems
- RTLS Systems (Real Time Locations Systems)
- Transition from VISTA Systems to Cerner

**Our Value Proposition to Federal Agencies:**

- Electronic Healthcare Records (EHR)
- Virtual Lifetime Electronic Records (VLER)
- Clinical Implementation Services
- Veterans Health Information Exchange (VHIE)
- Health Concourse

**Past Performance:** Successfully worked in numerous information technology systems and processes with the VA.
