Capability Statement

www.issinvestigation.com

Founded in 1999, **International Security Services, Inc.** has been a provider of armed and unarmed guards to NYC across multiple sectors (residential, commercial, executive protection, bodyguarding, escort services, financial institutions, private events, concerts, etc.) We also provide background checks, surveillance, polygraph testing, complex investigations and conclusions, locating missing persons, etc. Alongside these services, we own and operate a security guard training school that runs all the required courses to obtain and maintain either an armed or unarmed license. Furthermore, we own and operate a fire science institute for students looking to become Fire, Life, and Safety Directors. We are also ready to operate as a CCTV installation and dispatch responding team for clients interested in the service. For students looking to make the transition from unarmed to armed we help them navigate the NYC handgun licensing process and advise them on how to proceed in order to become licensed armed guards.
