

Capability Statement

The saving of lives and livelihoods on a global scale in this time mark by the disruptions to the global domestic, social and political arenas as a result of deadly disease outbreaks leading to pandemics such as the COVID-19 Pandemic and likes of its kind, global warming as well as the breakout of wars between Russia and Ukraine and subsequently between Israel and Hama have never been more urgent and time critical.

For Techno-Science Design & Engineering, the building of a successful business development consultancy would actually mean to address and if possible to resolve Techno-Science Design & Engineering's urgent & time sensitive issues, more specifically, Mankind's fight against the COVID-19 disease and the likes of its kind, the adoption of compliant wireless communication products and services and importantly Mankind's collective efforts to prevent global warming.

[FACEBOOK POSTING OF A TECHNO-SCIENCE DESIGN & ENGINEERING CALL TO ACTION COMMUNITY DEVELOPMENT OUTREACH INITIATIVE](https://cheelintey.wixsite.com/zero-covid-19/shop)

There is in existence a solution, one that is sustainable in nature and involves each and every member of the public. The essence of the solution builds upon the understanding of the importance of staying vigilant, being sustainable in nature and requiring Mankind to exude resilience and to stay united.

Presenting urgent and time sensitive solutions, demonstrating and building capabilities that meet the calls of emergency via social media platforms such as Facebook, Instagram, LinkedIn, Twitter, Thread, YouTube etc, Techno-Science Design & Engineering would like to first and foremost present the ten Singapore dollars (S\$10.00) only Techno-Science Design & Engineering gold class business and everyday solution entitled "Should We Strive To Achieve "A-ZERO-COVID-19" ?". Techno-Science Design & Engineering call to action community development outreach program entitled "Technology Adoption Using Six Sigma" has given rise to movement and campaigns on social media platforms with the aim of calling upon members of the public to adopt the Techno-Science Design & Engineering gold class business and everyday solution entitled ""Should We Strive To Achieve "A-ZERO-COVID-19" ?". The advisory and knowhow which have been documented in this digital learning product solution was a sure way of guarding against future occurrences of the COVID-19 outbreaks and the likes of its kind and consequently brought with it the promise and hope of preserving lives and livelihoods. This piece of technology work is also the key to increasing the level of awareness within the respective communities by allowing the readers and users of the learning product solution to communicate, educate and train the members of the public and their respective members of the communities on the importance of Techno-Science Design & Engineering call to action products as well as services and helping to guide them in the usage of the digital services and learning products that Techno-Science Design & Engineering has put in place to help Mankind in the strive towards a COVID-19 disease and emissions free environment.

Through this writing I hereby bring forth the following important certifications which have been most recently obtained from LinkedIn in response to the urgent and time sensitive work which Techno-Science Design & Engineering had been doing to address and in the effort to help Mankind resolve the most important issues presently encountered by the world specifically, Mankind's collective efforts to achieve a COVID-19 and emissions free environment.

LinkedIn learning certificates for course completion for the following courses:

- a. Cybersecurity Foundations: Security Architecture – 10th July 2024
- b. Six Sigma: Black Belt (With Project Management Institute (PMI) Certification) – 27th July 2024
- c. Artificial Intelligence Case Studies in Different Business Industries (With Additional Certifications From Project Management Institute (PMI) & The National Registry Of Continuing Professional Education Credit Sponsored Quality Assurance Service For Self-Study(CPE)) - 20th July 2024
- d. Generative AI for Business Leaders (With Certification From the National Registry Of Continuing Professional Education Credit Sponsored Quality Assurance Service For Self-Study(CPE)) – 21st July 2024
- e. Generative AI for Sales and Services Professionals - 20th of July 2024
- f. Integrating Generative AI into Business Strategy (With Additional Certifications From Project Management Institute (PMI), the National Registry Of Continuing Professional Education Credit Sponsored Quality Assurance Service For Self-Study(CPE), Society for Human Resource Management (SHRM®) & HR Certification Institute® (HRCI®) - 20th July 2024
- g. How AI intersects with Sustainability and Business: A Conversation with Amy Luers - 15th July 2024
- h. Project Management Power Moves: Leading with Influence (With Additional Certification From Project Management Institute (PMI)) - 8th July 2024
- i. Project Management Power Moves: Leading with Influence (With Additional Certification From the National Registry Of Continuing Professional Education Credit Sponsored Quality Assurance Service For Self-Study(CPE)) – 29th July 2024
- j. Sustainability as an Innovation Opportunity (With Additional Certification From Project Management Institute (PMI)) – 27th April 2024
- k. Microsoft Cloud for Sustainability: ESG and the Future of Business - 27th April 2024

Special Notes:

- a. LinkedIn is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
- b. LinkedIn Learning is recognized by SHRM to offer SHRM-CP® and SHRM-SCP® professional development credits (PDCs).

SHRM-CP® and SHRM-SCP® are trademarks of the Society of Human Resource Management (SHRM)

- c. The HR Certification Institute has pre-approved this activity for recertification credits towards the aPHRTM, PHR®, PHRca®, SPHR®, GPHR®, PHRiTM and SPHRiTM certifications. The content of the activity submitted has met the criteria of the Pre-Approved Provider Program.

An Emergency Response Initiative: Rapid Course Certification At LinkedIn

Notably words with elements of emergency response have been sent to the respective relevant course trainers within a period of two months on the LinkedIn social media platform.

With a plan in place and a business presence in the United States of America, the global solution which has been developed would in tandemly address the mental health issue and would help to treat patients and their victims who had been infected with the Human Immunodeficiency Virus (HIV).

Making reference to a paper published by The Lancet on the treatment of the Human Immunodeficiency Virus (HIV) entitled "The risk of sexual transmission of HIV in individuals with low-level HIV viraemia: a systematic review" available at

[https://www.thelancet.com/journals/lancet/article/PIIS0140-6736\(23\)00877-2/fulltext](https://www.thelancet.com/journals/lancet/article/PIIS0140-6736(23)00877-2/fulltext)

, Techno-Science Design & Engineering would like to propose a collaboration opportunity to publish a paper entitled "A Novel & Efficient Solution Base On The Approach Use By The Federal Communications Commission (FCC) In The Regulation Of Microwave & Radio Frequency (RF) Emissions Has Been Developed To Help Mankind Fight Against the COVID-19 Pandemic As Well As Other & Future Pandemic & Epidemic Which Are Of The Same Nature" with The Lancet.

The novel and effective nature of Techno-Science Design & Engineering learning product solutions would allow for revenue to be generated through the sales of Techno-Science Design & Engineering call to action products, solutions and services. Techno-Science Design & Engineering is presently seeking business collaboration opportunity to help raise an amount of money that would allow for the institutionalization of Techno-Science Design & Engineering call to action products, solution and services.

*******Special Note & Invitation From Techno-Science Design & Engineering*******

Please visit the first in the world Techno-Science Design & Engineering iconic Call To Action 2024 website on your desktop/laptop/ non-mobile internet devices to experience the full effects of technology adoption. This is something that should not be missed.

a. The Techno-Science Design & Engineering Call To Action 2024

<https://cheelintey.wixsite.com/call-to-action>

b. Artificial Intelligence (AI) Assisted Flip Book presentation entitled "Techno-Science Design & Engineering Scientific System Of Countermeasure"

<https://humanchat.net/NVHytsBEpBnV>

c. Complimentary eBook entitled “Techno-Science Design & Engineering Pagoda of Countermeasures”

<https://designrr.page/?id=358349&token=4208447161&type=FP&h=6190>

d. Techno-Science Design & Engineering Facebook Campaign Commencing Entitled “Techno-Science Design & Engineering Community Development Initiative Via “Techno-Science Design & Engineering Scientific System Of Countermeasure” Commencing On 30th May 2024
