

CAPABILITY STATEMENT

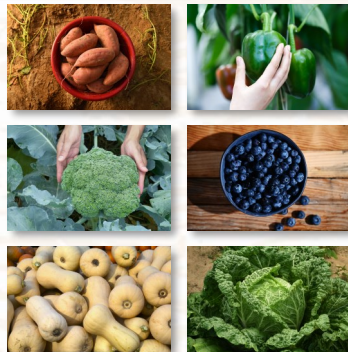

FARMFRESHPRODUCE.COM

Farm Fresh Produce Distribution, Inc. is a global company that grows and provides a variety of fresh, high-quality produce, including sweet potatoes, bell peppers, butternut squash, and blueberries. We take pride in our commitment to sustainable and responsible farming practices that prioritize the health of both people and the environment. Our produce is grown with care, harvested at the peak of freshness, and delivered worldwide to customers who demand the best. We have combined our farming legacy with an unmatched background in international shipping - creating a vertically integrated operation that can provide a steady supply of the varieties our customers are looking for. Farm Fresh Produce Distribution, Inc. has a team of experts dedicated to ensuring that our produce is handled and shipped with the highest level of care to maintain its freshness and quality for every delivery.

CORE COMPETENCIES

Farm Fresh Produce:

- Sweet Potatoes
- Bell Peppers
- Broccoli
- Blueberries
- Butternut Squash
- Cabbage

DIFFERENTIATORS

- Each box of produce we grow, and pack goes through a thorough quality inspection at our storage facility in North Carolina and again in Rotterdam. If something's not right, we fix it then and there. So, when your produce gets to you, you know it's the best. Every time.
- Around the clock customer care: Order? Need to change packaging? Want to get produce to a remote location? With our dedicated distribution center in Holland, we can get your order to you as soon as you need it.
- Shipment Tracking Available with every order.
- Customized Brand Packaging Available.
