Capabilities Statement

MyRo Logistics is a veteran-owned, family-operated, and 3rd party logistics brokerage. We pride ourselves on being a full-service brokerage and logistics firm that is fully invested in our community, its people, and the growth of local infrastructure. Dedicated to assisting our customers to meet and supersede their goals and expectations. In understanding, that it is better to quote higher and save you money than have to come back asking for more, we build trusting relationships for a lifetime.

MyRo Logistics is a full-service logistics brokerage. We facilitate safe and reliable transportation of freight through all modes of transportation; Air, Rail, Sea, and Ground. We handle Full truckloads, Less than truckloads, expedited freight, air freight, drayage, jumbo loads, specialized equipment, and more. Business as in every relationship requires effective communication to work. MyRo utilizes innovative technology to provide cost-effective solutions and quality to our clients.

It is our goal to analyze and minimize risks, reduce costs, and increase our customer's efficiency, thus increasing the profitability of our clients. Quality is our mission.
