

Founded in 2005, Enova Illumination stands alone as the first LED surgical headlight designer and manufacturer in the industry. We are known for brightness and power, durability and dependability, innovation and specialization, comfort, and customer service. Our cordless surgical headlamps can be found in the best clinics, hospitals, universities, outpatient surgical centers and military bases around the world. And, because Enova's LED surgical headlamps are designed for surgeons by surgeons, we remain on the forefront of innovation to provide the brightest, lightest, most durable and dependable surgical headlamps on the market.
