

## Capability Statement

**LifeCrown** is an exit indicator device that is placed onto a hoseline's male coupling and serves as an essential tool to direct firefighters at a critical moment involving life or death. The LifeCrown easily snaps over the male coupling and points to the water source (the engine company).

The LifeCrown is a tool that utilizes the concept of "touch and go". Most fire ground situations do not allow for the use of visual senses; therefore, the ability to feel or touch during a moment of disorientation is paramount to survival.

Hoselines, or lifelines, as they are commonly called serve a dual purpose. They are used to extinguish fires while also providing a means to an exit and safety.

The LifeCrown improves the lifeline's effectiveness by eliminating and guesswork or thought during a moment..."When time is not an option".

**CAGE:** 8T3X0 | **UEI:** RD49PZ7JLDB3 | **DUNS:** 830413519

## Company Snapshot

**Gov. Business POC:** Elmer F. Williams II

**Phone:** (210) 382-3381

**E-Mail:** [ewilliams@lifecrown.net](mailto:ewilliams@lifecrown.net)

**Address:** P.O. BOX 681567

San Antonio, TX 78268

**Work Area:** Global

**Socio-Economic:**

- ✓ Minority Black American Owned

## Core Competencies

# LifeCrown

## Life Safety Exit Indicator Device

- ✓ **1 3/4" and 1 1/2" fits action and red head couplings**
- ✓ **2 1/2" fits action and red head couplings**
- ✓ **1" forestry service hose fits action and red head couplings in development stage**

## Benefits & Information:

- ✓ **Practical**
- ✓ **Durable (Made with Lexan)**
- ✓ **Resistant to Heat**
- ✓ **Firefighter Friendly (Touch and Go)**
- ✓ **By Firefighters, for Firefighters**
- ✓ **Made in USA**

## Differentiators

- ✓ **MADE IN THE USA**
- ✓ Developed by a veteran firefighter of 36 years
- ✓ Fireground heat-tested 600-650 F (Texas A&M University Fire School)
- ✓ Flame-tested 1600F (Self-extinguished)
- ✓ Fire service-tested 400 P.S.I. Cold-tested @ -18 degrees F with windchill factor of -30 degrees F

## Primary NAICS & PSC Codes

- 314999** - All Other Miscellaneous Textile Product Mills
- 326220** - Rubber and Plastics Hoses and Belting Manufacturing
- 332912** - Fluid Power Valve and Hose Fitting Manufacturing
- 332996** - Fabricated Pipe and Pipe Fitting Manufacturing
- 4210** - Fire Fighting Equipment
- 4720** - Hose and Flexible Tubing
