

CAPABILITY STATEMENT

NLMSINC.COM

NLMS Inc. delivers specialized, high-performance lighting solutions for government facilities, including energy-efficient retrofits, sports lighting installations, and solar-powered systems. Our team of Licensed Electricians and NALMCO Certified Lighting Technicians (CALT) ensures technical precision and quality execution on every project. We are committed to safety, sustainability, and cost-effective innovation—providing dependable lighting systems that meet agency requirements and exceed performance standards.

CORE COMPETENCIES

Lighting Retrofit

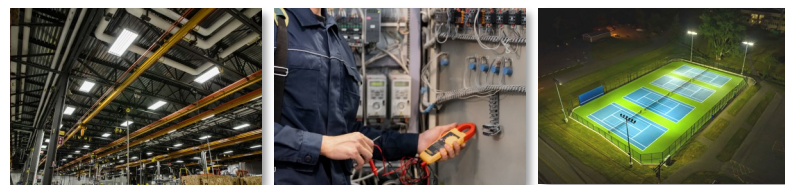

- ◆ We specialize in upgrading existing lighting systems to energy-efficient solutions, reducing operational costs while enhancing performance and sustainability.

Solar Lighting Solutions

- ◆ Our solar-powered lighting options provide sustainable, eco-friendly alternatives, lowering energy consumption while delivering reliable performance for commercial and residential applications.

Sports Lighting

- ◆ We offer high-quality, durable sports lighting solutions that improve visibility and performance for both indoor and outdoor sporting venues.
