

CAPABILITY STATEMENT

YYENVIRONMENTAL.COM

Y&Y Environmental is an environmental abatement and demolition firm that provides high-quality, cost-efficient, and reliable services tailored to client needs. Our work includes asbestos abatement, lead abatement, microbial remediation, and both interior and structural demolition. The company combines extensive field experience with strong project management and ongoing training to ensure consistent, safe, and responsible performance across all projects.

CORE COMPETENCIES

Environmental Abatement

- **Asbestos Abatement:** Removal, encapsulation, and disposal of asbestos-containing materials
- **Lead Abatement:** Wet scrapping, stabilization, and removal of lead hazards
- **Microbial Remediation:** Removal, encapsulation, and safe disposal of mold and other microbial contaminants

Construction and Demolition

- **Demolition:** Interior, exterior, and selective demolition services
- **Pre- and Post-Construction Clean-Up:** Debris removal and final site preparation

Restoration Services

- **Fire and Water Restoration:** Clean-up, deodorization, and damage mitigation for fire- and water-affected properties

Hauling and Debris Management

- Debris collection, removal, and transport services to support construction, remediation, and restoration projects
